FAQs

- Repeat attempts of courses will be averaged together
- Students who attempt a prerequisite course more than two times will not be considered for admission

¹Please note: all the above classes should be completed with grades of "B" or better. Meeting minimum criteria for admission does not guarantee an acceptance to the program. Applications are academically ranked for limited seats. The college reserves the right to make final decisions based upon the applicant pool each year.

The Dental Hygiene department recognizes the important relationship between oral health and overall wellness. A bright, healthy smile depends on good oral hygiene. Dental hygiene is the study of preventative oral healthcare, and we educate our students on how to keep the mouth, teeth, and gums clean and healthy to prevent disease.
