Fall 2023 Enrollment Report

Key Findings

Graduate Students

- Enrollment in the Master of Science in Technology Management program decreased for the third consecutive year to 33 students in Fall 2023 compared to 50 in Fall 2022 and 70 in Fall 2020. That's a 34% drop and a 53% drop versus 2020.
- Over fifty percent (57%) of the new enrollees for Fall 2023 received their undergraduate degree from Farmingdale State College. Compared to 93% in Fall 2022, that is a 36-percentage point drop.
- This program is predominantly male (82%) with 85% of the students attending on a part-time basis and 15% on a full-time basis.

Undergraduate Students

- SUNY enrollment declined slightly, by an aggregate of 0.2% since 2022. However, the SUNY Technology Colleges sector was the only sector to experience an enrollment increase among the SUNY campus sectors. We experienced a slight increase of 244 students in enrollment, or 2.6%, from Fall 2022 to Fall 2023. This increase represents the average growth rate among the SUNY Technology Colleges sector.
- Enrollment by students of Hispanic origin continued to trend higher, increasing to 29% of the total undergraduate student population, up from 27% last year. Just under one-third (32%) of all first-time students identified as Hispanic/Latino. Enrollment among Black/African American and Asian students has also increased and Farmingdale is now a majority-minority institution.
- Fall 2023 marks the fifth consecutive year that the percentage of male students has increased, although the percentage has remained fairly consistent around 59% for the past three years.
- Our New Student Enrollment numbers shows that first-time college student enrollment increased by 94 students, or 5.8%, following last year's decrease, while external transfer enrollment rose by 12%. However, our one-year retention rate for first-time, full-time bachelor's degree-seeking student dropped by 1%, from 82% in the previous year to 81%.
- While the number of first-time applicants increased 35% since 2021, the percentage of accepted students who enrolled declined from 32% to 25%.
- The average High School GPA of our incoming full-time, bachelor's degree-seeking freshmen had a slight improvement, rising to 89.6 from 89.5 last year. Similarly, the average SAT score increased to 1119 from 1095. Submission of an SAT or ACT exam was optional for Fall 2023, and 30% of incoming degree-seeking freshmen choose to submit an SAT or ACT score.
- The top five baccalaureate curriculums with the largest percentage increases in enrollment over 2022 are Applied Gerontology (63%), Computer Science (57%), Dental Hygiene - Completion (50%), Business Analytics (35%), and Civil Engineering Technology (23%).
- Same as last year, the most popular curriculums among new first-time students are Liberal Arts & Sciences (23%), Science, Technology & Society (19%), and Business Management (8%).
- Science, Technology & Society (25%) and Business Management (15%) remain the top two curriculums into which new transfer students enrolled.
- The top three baccalaureate programs with the highest enrollment are Science, Technology, & Society (1,523), Business Management (1,093), and Computer Programming & Information Systems (418).
- The percentage of accepted degree-seeking students among those who applied was 70% in Fall 2023.
- The top three feeder high schools are Brentwood High School (157), Farmingdale High School (118), and Lindenhurst High School (109). Of the top 50 feeder high schools, Walter G O'Connell Copiague High School had the highest percentage of accepted students who registered at 60%.
- The top colleges that students transferred in from are Suffolk County Community (272), Nassau Community (220), Stony Brook University (20), CUNY Queens College (17), and CUNY Queensborough Community College (17).
- Non-matriculated students slightly increased by 42 students to a total of 391 students.
